

I have several years in the single and multifamily Real Estate industry. Presently owning 24 plus properties. My companies, Better Element & Better Element Property Management, own and manage single family and multifamily rentals in Burlington County NJ. My company purchase C class properties and perform high end rehabs to upgrade the assets to a B+ or A class. I have owned, renovated & sold many properties in the same area over the years. I have joined the team at F & S Construction Group in 2021 to pursue these same opportunities on a larger scale.
